2) Discussed Division 2 Councillor speaking with RM employees during recent Hamlet water drainage work but having no contact with Hamlet Board Advisors who were also on job site.
3) Discussed Sasktel Lot located at 105 Main St regarding maintenance eg: mowing. Still no response regarding who to contact. Hamlet Board has been mowing the lot this year.
4) Discussed Sask Power Tree trimming in the hamlet. Still no resolution. Hamlet has previously submitted 2 online requests via the Sask Power website, Lynette also had contacted Sask Power in Aug on our behalf and was advised Sask Power was investigating the requests. Curtis had supplied the confirmation numbers for both online requests.
5) Discussed approved venders for RM / Hamlet. Curtis to request an updated list from the RM.
6) Discussed CSO / RCMP monitoring of Hamlet. In the last couple months it has been noted that the old Carmelita residence and the old school have had the doors kicked in / left open. Curtis to follow up with RM as to if the CSO's and/or RCMP submit any reports or alerts to the RM. If so then Curtis to request copies of the reports.
7) Discussed purchase and use of Moasure 2 Pro Measuring / Survey tool. Positive feedback from all board members. Tool was used to assist in recent drainage project.
