

# Matthewson & Co. 2nd Annual Bursary Program 2022

In 2021, Matthewson & Co. of Carlyle, SK, started a bursary program to give back. We offered the chance to win a \$500.00 bursary to assist with post-secondary endeavours, and this bursary program is available again in 2022. Our bursaries target two groups in the communities where we work:

1. 2022 high school graduates, attending post-secondary in the fall of 2022.
2. "Non-traditional" students (individuals who graduated three or more yrs ago and are returning to or starting post-secondary) in the fall of 2022.

Click [here](#) for a list of the communities we work with. The following pages include information about each bursary.

& Co.

We Build Communities

## 1. "Post Secondary Student" Bursary Eligibility Criteria:

To be eligible for this bursary, applicants must:

Be graduating from high school in 2022 in a community that currently or previously worked with Matthewson & Co. We've provided a list of these communities [here](#).

The application process consists of:

- Completing an application form and
- Submitting a 1-2 page essay

Essay topic: Your involvement within your community. You should also address:

- Your career goals
  - Why you have chosen your career path
  - How your career will benefit society/your community upon graduation of post-secondary
- 

Email Anna at [abeaulieutsp@outlook.com](mailto:abeaulieutsp@outlook.com) with the Subject Line: "Application Package 1" to receive the package with instructions for applying.

Congratulations to our 2021 recipient, Avara Taralson.

\*Application does not guarantee funding.

## 2. "Non-traditional" Student Bursary Eligibility Criteria:

To be eligible for this bursary, applicants must:

Have graduated from high school three or more years ago in a community that currently or previously worked with Matthewson & Co. We've provided a list of these communities [here](#).

The application process consists of:

- Completing an application form and
- Submitting a 1-2 page essay

Essay topic: Why you have chosen to pursue post-secondary education. You should also address:

- Your career goals
- Volunteer experience/community involvement
- What you hope to accomplish upon graduation from post-secondary education
