 - b. **Trailers on Easements/vacant property:**
 - Last month we discussed developing a policy for parking trailers in designated areas for winter months.
 - Distributed the policy outline and shared the public notice. This will also be posted at the Post Office.
 - Some people will not be able to park their trailers in the easement as it would block access to the easement.
 - This is a policy specific to Kronau, not a Bylaw. If people are compliant and respectful we will continue. We will revisit this after the winter months.
 - We invite the community to email the hamlet with any feedback or concerns.
 - The RM is not liable for any damages incurred because of where the trailer is parked.
