Hamlet Board Meeting Minutes for June 24th, 2026 Held at Main Street Market

Call to Order: 7:03pm

Present: Bob Wog, Rob Pitchko, Curtis Avery

- 1) Discussion per email regarding request for dust suppression in front of 185 King St by Robert Kobsar as sent to RM and forwarded to the Hamlet Board. Hamlet Board Concerns: effects of run off into adjacent ditches regarding road structure and vegetation, effects of chemical on Hamlet equipment such as accelerated corrosion, effects on personal vehicles as mentioned by 3 separate ratepayers. Hamlet Board voted unanimously against dust control on Hamlet streets.
- 2) Discussion per email from RM regarding offer to purchase lots submitted by Chris Anderson and Sara Hurtado. The Hamlet Board appreciates the current offer, as well as appreciate their work maintaining / mowing lots. At this time the Hamlet Board does not feel it would be appropriate to accept the offered price based on previous lot sales and potential unrest by previous lot purchasers based on the amount of the offer. Hamlet Board remains open to any future updated offer.
- 3) Discussion RE: Sask Power trimming trees in alleyways in Riceton. The Hamlet Board has previously submitted 2 online requests to have trees trimmed and have also tried calling the posted phone number numerous times without any resolution. The Hamlet Board is requesting the RM to contact Sask Power to have the trees trimmed before any issues occur. Rob and Bob can provide specific locations to the work crew.
- 4) Discussion regarding improved drainage in the Hamlet. Rob and Bob have prepared a rough plan and wish to met either with the RM foreman or the RM council to discuss. Curtis will submit the rough plan to the RM by email.

Meeting adjourned at 8:18pm
